

A Picture Of Poverty In Wealthy County

A picture of poverty in the midst of one of the wealthiest counties in the nation, with non-English speaking workers working 10 hours a day for \$1.25 to \$1.30 an hour, and three to four families jammed into one house was portrayed at last week's meeting of San Mateo county's Equal Opportunity Commission in Redwood City.

Morton Goodwin, director of the War on Poverty's Information Center in Daly City reported that the entire racial balance of Daly City has changed since September, 1967, when the Information Center was opened.

"We are now a multi-racial city," Goodwin reported, "and we have problems in all sectors—with the blacks, with the white, with the Mexican-Americans."

He said because one of the most critical problems is the

linguist one, the center must keep a bi-lingual person on duty at all times.

"It is as simple as this," Goodwin told the commission. "When a person gets a traffic ticket he doesn't even know what he is supposed to do when he is to appear in court. Men supporting families of four and five children are working 10 hours a day for \$1.25 to \$1.30 an hour in nurseries. And they are reluctant to go before the Labor Commission because they fear this may jeopardize their jobs. They haven't been in this country for a very long time."

He said because the Western Addition section of San Francisco has been torn down, many blacks have moved to Daly City, and three and four families are living together in one dwelling.

Goodwin, who said his center

needs a larger staff, praised Daly City officials, however, for their cooperation, and Edward R. Becks, executive director of the commission said that the highest level of partnership with city officials exists in Daly City.

Mrs. Eve Rendon, director of the South San Francisco INFO center, said that because 95 per cent of the people who seek aid from her center are Mexican-Americans, the entire staff must speak two languages.

"We just don't have the employment for them," Mrs. Rendon reported. "If they go out and do not know the language, they don't want them. They get the janitorial jobs, the floral jobs, and they get under \$1.65 an hour. They are asked to work over 40 hours a week without time and a half."

Mrs. Rendon said a program to teach English in neighbor-

hood garages is working out very well, however.

The housing problem in San Mateo is as critical as any in the county, according to Milton Shields, director of the Information Center there.

"The problem may be the most critical in San Mateo," he asserted, adding that a county-wide housing conference would be held in San Mateo on May 1 and 2.

"But we are involving the people in the life of their community," Shields said. "One councilman told me it will never be the same because we have convinced the people from the target area they can have a hand in their community. We told them to go to council meetings, to commission meetings and voice their desperation, their aspirations. The community not only listened; it took ac-

tion." When Shields cited the Martin Luther King center as one example of the success of the campaign, Commissioner Frank Ganino asked why the center has had so many problems.

Clifford Boxley, director of the Redwood City PROBE center, pressed for an answer, replied that it was because city officials probably allowed street recreation for a number of years, permitting youth to go unattended, and then opened the centers and said, "This is pride."

"If you had had the involvement of the people before the center came, it may have helped. There was a wide gap between the people responsible and youth."

Don Bell, director of the East Palo Alto-East Menlo Park Center, said the housing situation

in his area is "as bad as in any other place. He said his center is supplying food to two to five families a day with help from the Salvation Army."

After the directors outlined their hopes and plans for the coming year, the commission approved a \$339,937 budget for the coming year, of which \$212,000 would come from federal funds.

"On the one side we are stimulating the American dream of upper mobility," Becks said, "yet on the other side we are saying we must fight inflation by increased unemployment."

In other actions, the commission:

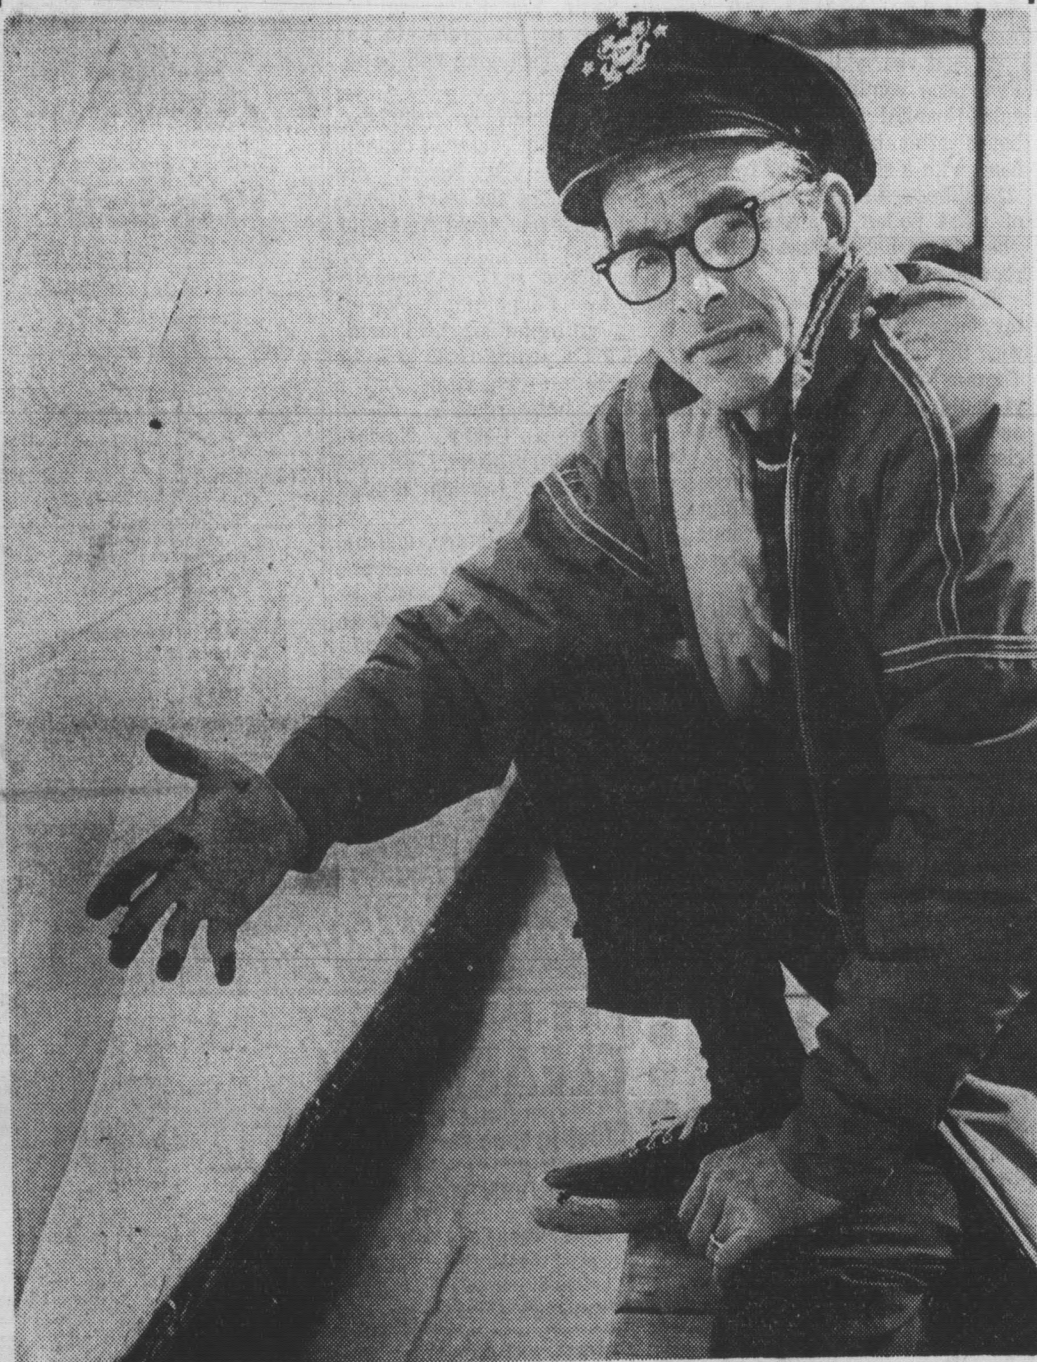

Approved a proposal from the Legal Aid branch that the federal government be asked to increase its budget from \$250,500 last year to \$321,180 during the coming year.

Endorsed by a six to three vote an application for \$151,620 to finance an expanded consumer protection program in which attorneys would advise consumers on purchase contracts before deals are completed.

Took under consideration a request from FOCUS, a private relief organization, that it be represented on the commission. Heard a report from Mrs. Alison Glickman, director of Head Start, that full year Head Start programs will be conducted in Pacifica and Daly City this year, as well as in four other cities of the county.

Heard a report that the district attorney's office is checking on the legality of an election of commission officers at a previous meeting in which three commissioners allegedly not yet sworn into office were allowed to vote.

IT'S OIL — Steve Medcalf, Commodore of the Oyster Point Yacht Club at South San Francisco, ran his hand along the waterline of his boat and came up with a handful of oil. Oil slick arrived with incoming tide Thursday. (Burton Photo)

Oil Washes In With Tide, Coats Boats

By BOB PETERSON

There is still no definite answer to the question of where the oil came from that has coated dozens of pleasure craft an ugly black at the South San Francisco Oyster Point Marina.

A check with the U.S. Coast Guard met with this reply. "No determination has been made as yet. Leads are being followed."

Some pleasure craft operators have speculated that an oil barge at Hunters Point, further north off San Francisco Bay, may have spilled fuel oil.

The duty officer at Hunter's Point said that "nothing to my knowledge has been spilled."

Fuel oil, the consistency of molasses, first appeared at the South San Francisco harbor last Thursday. The slick apparently washed in with the incoming tide and for this reason its origin "could have been almost anywhere."

Steve Medcalf, commodore of the Oyster Point Yacht Club, said he contacted the Navy and "told them we were pretty unhappy."

He said the Navy immediately sent a private surveyor to the marina to inspect the damage. (Please See Page 2, Column 5)

Broadmoor Wins Waiver On Proposal

After months of trying, the Broadmoor Property Owners Association Wednesday finally persuaded the County Local Agency Formation Commission to reopen the Broadmoor incorporation proposal.

The commission, on the basis of new data submitted by incorporation proponents, agreed to waive the one-year waiting period normally required for reopening.

Public hearing was scheduled for April 15, giving the association an advantage of only two months. A request for an election on incorporation was turned down by the commission last June on the basis that proponents had failed to show that a city of Broadmoor had a chance of success. City Wins LAFCO Support In Water District Issue

Pacifica's drive to take over the North Coast County Water District passed a major milestone Feb. 18 when the Local

Agency Formation Commission (LAFCO) approved the move.

The proposal, a hot political issue in the Coastside community for a decade, next goes to the County Board of Supervisors. If approved there, it will be submitted to the voters of Pacifica for final decision.

LAFCO action was to recommend that the water district be made a subsidiary district of the city. Deputy District Attorney L. M. Summey explained that a full merger is not possible at this time because the boundaries of the two jurisdictions are not the same.

District officials fought to the end before LAFCO to preserve the district's identity as an independent agency.

Their arguments were turned down, however, in favor of a general philosophy that single-purpose districts are not desirable and that the city is the best unit of local government. Member William H. Lawson, for example, said it was difficult for him to judge between the claims of the two sides concerning costs.

"So I must fall back on an understanding of what we're trying to reach," Lawson said. "The best organization we have today is the city, as far as local government is concerned. We must strengthen the city unit whenever we can."

Member Emory Morris said he agreed with Lawson and ad-

ed, "I am not in favor of single-purpose districts."

Morris and other commissioners asserted, however, that in (Please See Page 2, Column 6)

Council Filings End

And Now The Races Begin!

By FRANK LaPIERRE

Thursday noon signalled the start of one of the most vigorous council races Daly City has experienced in the past ten years.

When the legal time for filing declarations for council, Thursday noon, passed 10 persons had entered the arena.

The first person to file after the City Clerk's Office began accepting nominations last January 29 was Mrs. Maria Luna.

The last was Morris J. "Mauri" Tolson who handed in his papers only 30 minutes from the deadline.

In between, realtor Louis J. Papan, attorney Frank L. Mag-nani, attorney and elementary school board trustee William J. "Bill" Schumacher, businessman Dino R. Tonelli, lumberman McRobert "Mac" Stewart and Marie G. "Mona" Taylor declared themselves officially in the race.

Two incumbents, mayor Bernard J. "Bud" Lyett and councilman Michael R. "Mickey" DeBernardi, are seeking return to their posts.

Veteran councilman Edward J. Dennis announced he would not seek re-election last fall,

leaving one seat on the council wide open.

During the last race in 1968 two seats were up for contention and both incumbents Anthony Giamonna and Frank Pacelli campaigned against a field of five persons.

The three incumbents won handsomely.

The last time three seats were open in a Daly City council race (1966) three incumbents—DeBernardi, Dennis and Lyett—campaigned against Robert Sherwood, Eugene Vinje and former councilman Dell Wilson.

The three incumbents won. As predicted, ill health prevented former JESD trustee Tom Noonan from becoming a candidate. Two others, Charles Ford and David Cafferata, took out their papers but did not file.

Meanwhile, eight persons have filed for three seats on the Brisbane city council—including one incumbent.

Mayor Robert W. McLennan announced last year he would not file.

Councilman Edward Schwen-

dlerlauf surprised political ob-

jects to the attention of the public.

Since that time it has shifted into high gear and began dispensing funds to those cities deemed qualified on a priority basis to receive such monies.

South S.F. Band Places High In CMEA Berkeley Contest

Scoring three first places by a panel of three judges, South San Francisco High's Blue Knights band set a precedent unknown at the recent California Music Educators Association band competition at Berkeley. They received a standing ovation for their excellent performance and were requested to perform an encore.

In the years I have participated at the CMEA competition, no band has ever been asked to do an encore, let alone receive a

standing ovation," jubilantly states Warren Heckman, Blue Knights director and coordinator of music for the South San Francisco Unified School District.

Fifty bands appeared at the Berkeley meet. Given a set playing time, the bands performed for ratings whereby they would be able to be judged on their strengths and weaknesses in musical composition, arrangements, and sight-reading. Evaluations are then

given to the directors of the band who reviews these evaluations to the members of the band. Areas needing improvement are then worked on by the group. No plaques or trophies are awarded but ratings as Command Performance (to date no one group has received this award), Superior and Satisfactory.

The Blue Knights are now preparing for the Northern California Band Competition in Reno next month.

Bill Sends Band On Europe Tour

SACRAMENTO (PCNS) — A bill authorizing the El Camino High School Band to represent the United States in Europe has been approved by the Senate Finance Committee.

The committee approved trips to Denmark and West Germany by the school musicians. Actually, the legislation permits trips outside the continental United States by school bands.

Currently, the law permits only elementary students to travel outside the U.S. for field trips. And those are limited to visits either to Mexico or Canada.

Senator Richard Dolwig, R-San Mateo, authored the bill. He told fellow committee members that the bill should be approved as soon as possible to permit financing for the trip.

In addition to permitting the band to accept an invitation from the two nations, the bill allows trips of up to 15 days without loss of state revenue to the district.

Dolwig told committee members that the El Camino Band "has taken first place in the five western states for five years in a row." He said the unit has received state and national recognition for its achievements.

"As far as we know this is the first time foreign educators have ever invited a band to perform for their students," Dolwig said.

The measure must be approved by the full Senate and the Assembly. Dolwig said he envisions no difficulty in getting the necessary approval in time for the band to complete plans for the trips.

8 File For Vacancy On Mateo Court

Seven San Mateo County judges were re-elected in effect, at 5 p.m. Wednesday. That hour was the deadline for candidates for judicial office to file declarations of intention in the office of County Clerk-Recorder Marvin Church.

As the deadline passed, seven judges remained unopposed: Superior Court Judges Frank B. Blum, Robert F. Kane and Lyle H. Edson, and Municipal Court Judges G. Brooks Lee of San Mateo, Frank J. Comaich and Roy W. Seagraves of Redwood City, and Charles Becker of South San Francisco.

The regular filing period for all candidates for the June 2 primary election ballot starts next Tuesday. But in the case of judicial candidates, no one who failed to file a declaration of intent may enter the race.

The only incumbent judge in the county to draw opposition was Thomas B. Caldwell of the Municipal Court in San Mateo. A declaration was filed by John F. Roake, a former deputy district attorney.

Most of the action, however, centered on the position being relinquished by Superior Court Judge Edmund Scott, who is retiring at the end of this year. When the deadline passed yesterday, eight declarations were on file.

Filing Wednesday afternoon were Maurice K. Hamilton, a San Bruno lawyer who is a member of the city council there, former mayor, and is chairman of the San Mateo County Local Agency Formation Commission, and Thomas E. Paige, a Belmont lawyer and former deputy district attorney here and in Fresno County.

Declarations were filed earlier by Municipal Court Judges F. Jose de Larios of South San Francisco and Robert E. Carey of Redwood City, and private Attys. John M. McKenna of San Mateo, Robert J. Dell'Erigo of Redwood City, Thomas L. Bocci of South San Francisco, and Albert E. Polonsky of Daly City.

Although he remains qualified to become a candidate, Judge de Larios announced after filing his declaration that he had changed his mind.

How many of the eight will actually be on the June 2 ballot depends on which of them follow through by filing nomination papers and paying a \$318.16 filing fee.

The filing fee for Municipal Court Judges is \$292.70.

LOW BIDDER

Low bidder Thomas F. Kenny Jr. has been awarded the contract for interior painting of the Central Fire Station in South San Francisco. His bid was \$2,350. The engineer's estimate was \$3,000.

Lieutenant Takes Leave

Lieutenant Ronald Costello has just had his R and R in Sydney, Australia. He was then sent to Okinawa and will return to Vietnam this month. He is the son of the William Costellos, formerly of San Bruno.

Martin Marr is stationed in Hawaii and will be sent to the Philippines soon. He is in the Navy communications department. He is the son of the William Marrs of San Bruno.

Mrs. William Marr is recovering from major surgery at her home on San Felipe Avenue, in San Bruno.

Young Co-ed Is Attacked In Park

A tiny, pretty 17-year-old high school girl was snatched from a bus stop, Feb. 16, dragged into a car, driven to an isolated park area in San Bruno, beaten and raped by a powerful, heavily-built man, San Bruno police reported.

The suspect, described as short and chunky, very strong, and possibly an addict of speed or marijuana, was being sought by Peninsula police today. He was said to be driving a blue sedan of fairly new vintage.

Police reported the girl was waiting for a Greyhound bus at 7:45 a.m. to take her to school when the car stopped at the curb, and the driver reached out and grabbed her by the hair, pulling her into the car.

Police said, he talked rapidly and excitedly, mostly about himself and drugs, apparently to keep his courage up and his mind off what he was doing, they thought.

At the park, the brunette victim, clad in a heavy coat and miniskirt, was dragged by the hair and arm down an embankment and into the woods. Twice he struck her in the face, and continuing to talk rapidly threatened to hit her again and again. He displayed no weapon.

After the assault, the kidnaper abandoned his victim in the woods, went to his car and drove away.

As he left, the girl made her way out of the park, and to a nearby home, where a housewife called police.

She insisted she had not been hitchhiking when the man grabbed her, and police said that this exposes the assailant with prosecution for kidnapping as well as rape, carrying extreme penalties.

North County Man Training At Pendleton With Seabees

Members of Seabee Sub Unit 12-11 of San Francisco were among more than 400 men leaving February 21 for two weeks of training at the Marine Training Center, Camp Pendleton, Calif.

The San Francisco Unit is commanded by Lieutenant Commander Harry Rodda of Palo Alto who in civilian life is an architect.

The local unit is part of Naval Reserve Mobile Construction Battalion Two, under the command of Commander R. M. Peterson of Orinda.

The battalion, known as the "Golden Gate Battalion" is made up of men in eleven Sub Units in Northern California, Nevada and Utah.

The Sub Units train for a minimum of 48 drills each year and train as a battalion for a two-week period annually. The training this year will concentrate on military training.

The men are being trained in firing rifles, grenades, rockets,

pistols, machine guns, and mortars.

Others from the area are Utilitiesman Arthur Switman of South San Francisco; Steelworker Chief Duaine Koonz of San Bruno, a Korean War veteran with the 160th Regimental Combat Teams, and Steelworker William Mingus also of San Bruno.

From Pacifica are Construction Mechanics Lawrence Sannes, Builder Jack Jackson, and Equipment Operator Richard Rowe.

From this area are steelworkers Michael Blume, John T. Byrne, Enfronio Espina as well as Utilitiesman Anthony Grado and Construction Mechanics Terry Myers and Robert Airlington, all of Daly City.

Also from Daly City is Harold Crowhurst.

HEART FUND DRIVE — A. P. Pelretti and A. J. Nilsen (right), both with the Bank of America in Colma, were co-chairmen of recently completed Heart Fund Business Campaign. Noting the drive to be "successful," the co-chairmen explained that donations will be used to support the San Mateo County Heart Association's programs of heart research, professional and public education and community services.

Supervisor Proposes Dump Veto

County Supervisor James V. Fitzgerald has proposed that county government be given authority to veto plans of any of the county's 18 cities to start up a garbage or refuse dump.

Fitzgerald said he will ask the Board of Supervisors to sponsor state legislation that would require cities to get the county's permission before establishing new disposal sites.

The immediate effect of the law, if it became a reality, would be to give the county board the right to block a proposal by the city of Pacifica for a dump on the federally owned property in Milagra Canyon adjoining the U. S. missile base east of the city.

Calling the proposal a "pipe dream," Fitzgerald predicted that "there is going to be a free for all when the public wakes up."

The supervisor explained he is asking for the legislation in light of the fact that many of the cities have asked the county to see to it that adequate disposal facilities are available.

"We accepted the responsibility," Fitzgerald said. "But what good is having the responsibility if we don't have the authority?"

He explained that one central dump, to serve most if not all of the county, is desirable.

"It takes a lot of money to develop a good disposal site and to operate it efficiently," he said. "And a high volume of use is necessary to keep such a dump on an even financial basis. That won't happen if each of the cities goes out and starts up its own little dump any time it wants to."

The county is attempting to establish the Marsh Road dump in Menlo Park as the main county-wide facility. If that does not work out, Fitzgerald said, the Ox Mountain site near Half Moon Bay should be opened and operated to serve the entire county. That site is owned by the San Mateo County Scavenger Company, a private concern.

Fitzgerald said that in the event the Menlo Park dump fails and the Ox Mountain owners are not willing to open that site at the time, he would propose that the county take the site through eminent domain proceedings.

Engineer To Study Colma Creek

Requests from Pacifica and Daly City officials that the county proceed with the Army Corps of Engineers program for Colma Creek were referred by the Board of Supervisors last week to County Engineer Don S. Wilson.

Supervisor James V. Fitzgerald, who called the possibility of implementation of the Corps program "very remote," suggested that Wilson contact Congressman Paul J. McCloskey to determine how many years away the project might be.

"The next time there is a flood in South San Francisco," Fitzgerald said, "we are going to be asked what the county has done about this. So we should get all the facts and be ready."

ENGINEERS
South San Francisco Mayor Frank Bertucelli has proclaimed February 22 through 28 as Engineers Week in honor of the engineering profession, "in recognition of its past achievements, and as encouragement for its declared intentions to improve our environment."

Boys' Club Director

For S.S.F.

Norman D. Trout, the new South San Francisco Boys' Club Executive Director, is a native Californian.

The 27-year-old former basketball star is also the tallest executive director since the club's inception. Trout, 6 ft. 5 in., was a basketball star at both Reedley and Hayward colleges. He was also a member of the first basketball team fielded at Hayward State and played center.

Formerly executive director of the Carlsbad Boys' Club for three years, Trout also served as branch manager for the SF Boys' Club.

He received his AA degree at Reedley College and obtained a BG degree from Hayward State. He is presently living in Hayward but is looking forward to residing in South San Francisco.

Trout praised the "good staff" at the South San Francisco Boys' Club which includes Ken Truner, program director; Lou Antonelli, social director; and Tom Aguilar, arts and crafts director. He looked forward to meeting the South San Francisco Boys' Club Auxiliary, also.

"Tim gets all the material necessary for the arts and crafts program," Trout reported, "anyone who wishes to donate such materials can contact Aguilar." At present the new SSFBC executive director is searching for someone to help out in the club gymnasium.

Noting South San Francisco Boys' Club hours are 3 to 5 p.m. and 6 to 9 p.m. weekdays, Trout added the club is open from 10 a.m. until 2 p.m. Saturdays but closed Sundays. For high school students the SSFBC opens at 1 p.m. week days.

Trout hopes to teach SSFBC members all he knows about basketball. He disclosed he "understands the background of disturbed boys" and the primary purpose of the club to help these youths.

In conclusion the new executive director was also pleased to announce the following Boy of the Month selections: Kevin Latz, gym; Hector Inguies, craft; Robert Sahagan, games room; and Robert Santos, social and Boy of the Month.

Mr. Nelson has been active in Cub Scouts, Brownies, Crystal Springs Junior Women's Club and P-TA at both the unit and the district level. She is currently serving as president of Seventeenth District, CCPT.

A continuing service award, on which is given to someone who has already received an Honorary Service Award and who has continued to serve, was presented to Mrs. John Pleskach of Daly City. Mrs. Pleskach has held a number of P-TA offices on unit district and the state level. She is State Safety chairman for the CCPT and is involved currently in an effort to organize a women's division of the San Mateo County Safety Council.

Funds Sought To Aid Two Students In Program

The Summer Foreign Exchange Student Program at El Camino High School is now making plans to raise \$2,000 to send two students to Europe in July and August of this year.

All eleventh grade students who have studied two years of a foreign language in high school are eligible to apply. At the end of last year the applicants were interviewed and rated by the Community School Screening Committee. Members of the Committee were: Mrs. Charles Bolom, Malcolm Kohn, Miss Pauline Elzas, Robert Maldonado, Mrs. Thomas Banning and Tom Graf, El Camino's foreign

exchange student in 1969. The judges came up with a tie for first place so Barbara Badham and David Jones are both applying to the Experiment in International Living for a place in the outbound ambassador program. Barbara hopes to go to Spain and David, Austria.

Barbara and David, along with Gloria Rodriguez, the student body Foreign Exchange Commissioner and Mrs. Anita Banning, the faculty advisor, hope to raise enough money to send both students. If this is impossible, then the decision as to whether Barbara goes to Spain or David to Austria will be up to the head office of the Experiment in International Living in Putney Vermont.

Plans are underway to reactivate the South San Francisco Community Foreign Committee to aid in collecting money for this most worthwhile program.

IMPROVEMENT

Improvement of traffic signals at the corner of Geneva Avenue and Bayshore Boulevard will soon get under way with resurfacing of the roadway scheduled for a later date. Cost of the project is \$3,500.

Two Arrested After Parked Car Is Hit

Daniel Cotton, 18, and his wife, Norma, 19, of San Francisco, are in the Daly City jail on charges of burglary, possession of stolen property and possession of dangerous drugs.

Police Lt. Tom Culley tells it this way.

At about 2:57 p.m. on Friday police received a report of a car hitting a parked vehicle at El Dorado and San Fernando Way.

Officers arriving at the scene surmised the possibility of the man and woman in the vehicle under the influence of alcohol or drugs.

Further investigation revealed the car contained several items missing from a burglary earlier

at 250 Del Prado, including a uniquely arranged coin collection.

The suspects were arrested. On their way en route to the police station, both stuffed red capsules into their mouth. They were rushed to San Mateo County Hospital where their stomachs were pumped out.

Shortly before midnight last night they were released from the hospital and took up residence in the jail.

Attending the luncheon were T. Kenneth Ulyatt, mgr., United California Bank, S.S.F.; James M. Holderby, mgr., Bank of California, San Bruno; Mrs. Edward Berry, league finance chairman, Mrs. Dan D. Newton, league president; Mrs. John Hubbard, membership chairman, and Mrs. Dennis Perrin, unit chairwoman.

The function of the advisory committee is as an aid to the league members as they go out into the business community to raise funds for the coming year. League members are not

professional fund raisers and the advisory committee provides assistance on approaching a businessman, techniques and helpful materials, etc.

The League of Women Voters of North San Mateo County is a non-profit organization whose main purpose is to promote an active and informed citizenry through a study and action program in the community. Member dues cover only part of the expense of providing non-partisan candidate information, pros and cons of election issues, as well as the many other services the league is noted for.

For this reason league members reach out to civic minded businessmen once a year to help them meet their financial needs. The drive is scheduled to kick off on Monday, March 9.

Other members of the mens' advisory committee include: Peter Bovich, Daly City; Ralph Barkey of Pacifica and Melvin H. Lowe, San Bruno.

**For
the best deal
on new car
money:
Consider
the source.**

Deal direct with the money factory and save. If you want some of your hard-earned cash to help pay a financial middleman, that's your business. But if you want to save some money on a new car loan, that's our business. Let's face it, the lower interest on direct bank loans cuts the cost of new (or used) car buying and can save you up to \$200 over the life of the loan.

Save an additional \$48 to \$72. Our auto loans come equipped with a free, personal First Bancheking Account, too. Over the two or three year period of your loan this saving could buy a push-button radio, enough gas for a long vacation or something special for your wife. It might even make your last car payment.

You might be better off leasing. Before you buy a car, get the whole story by checking the facts on our First Bancar Lease. It won't cost you a cent to get unbiased, financial information. You'll find that the cost of a lease will be less at the money factory; you'll also save because we don't pay sales commissions.

Come to First Western Bank, first. As a \$950,000,000 bank with over 90 offices throughout the state, we want you to get the best deal whether you buy or lease. So, when you consider the source, also consider the alternative. The money you save will be your own.

NELL NORTON

(Sugar 'n Spice)

GOOD MORNING, GOOD COOKS.

A reader asked for some recipes for fish dishes during the Lenten season. No sooner said than done.

These first two dishes use canned salmon as their main ingredient, and since I saw salmon on sale just this week, perhaps some of you good cooks have a can on the shelf.

SALMON SATISFACTION

- 2 Tbsp. finely chopped onion
- 2 Tbsp. finely chopped pimento
- 1/4 cup finely chopped celery
- 3 Tbsp. melted butter
- 2 Tbsp. flour
- 1 teaspoon (scant) salt
- 1/2 teaspoon black pepper
- 1 egg, well beaten
- 1 cup milk
- 2 Tbsp. mayonnaise (level)
- 1 pound can pink salmon
- 1 1/2 cups crushed corn flakes

(Bake 350-degree oven, 20 minutes)

Saute the two tablespoons each onion and pimento and the fourth-cup celery in the three tablespoons butter until tender. Do not brown. Stir in the two tablespoons flour, teaspoon salt and one-eighth teaspoon pepper. Combine the beaten egg, one cup milk and two tablespoons mayonnaise and add to the hot mixture, gradually. Stirring constantly, cook until slightly thickened.

Drain the can salmon, remove bones and break into small portions.

Grease a one-quart baking dish. Place the salmon in the bottom, sprinkle three-fourths cup of the corn flakes over salmon. Pour the sauce over corn flakes and sprinkle the remaining three-fourths cup corn flakes on top of sauce.

Bake in 350-degree oven about 20 minutes or until hot. Serves 6.

☆☆☆

I THINK THIS SALMON loaf is delicious, I've made it for years. It's even good cold. So if you have any left over, treat yourself to it at lunch the next day.

SALMON LOAF

- 1/4 cup mayonnaise
- 1 tablespoon minced onion
- 1 tablespoon lemon juice
- 1/4 teaspoon salt
- Dash of pepper
- 2 Tablespoons chopped parsley
- 1 can salmon
- 2 cups biscuit mix
- 1/2 to 3/4 cup milk

(Bake in 400-degree oven for 20 minutes)

Combine the fourth cup mayonnaise, one tablespoon each minced onion and lemon juice, three-fourths teaspoon salt, dash of pepper, two tablespoons parsley and salmon. (Remove bones and break the salmon into small pieces).

Combine the two cups biscuit mix and the one-half to two-thirds cup milk.

Knead the dough a few times on a floured board and roll into an oblong shape. Place the salmon mixture in the center and wrap the dough completely around it. Cut a few slashes in the dough for steam to escape. Bake in 400-degree oven about 20 minutes.

☆☆☆

EGG SAUCE

- 2 Tbsp. butter
- 2 Tbsp. flour
- 1 cup milk
- 1/2 teaspoon salt
- Dash of pepper
- One or two hard cooked eggs

Melt the two tablespoons butter in a small saucepan. Remove from heat, add two tablespoons flour and blend until smooth. Add the cup milk and cook until thickened, stirring constantly. Season with the half teaspoon salt and dash of pepper. Slice the hard cooked eggs into sauce and serve over hot salmon loaf.

☆☆☆

WHILE YOUR OVEN is going you might want to bake this apple cake. It's quite easy and quick to make and uses the same baking temperature as the salmon loaf.

QUICK SHERRY-APPLE CAKE

- 1/4 cup sherry
- 1 cup finely peeled and diced apples
- 2 cups biscuit mix
- 1/4 cup sugar
- 2 beaten eggs
- 2 Tablespoons melted margarine
- 1/2 Cup milk

(Bake 400 degrees, 25 to 30 minutes)

Peel and dice the apples very fine. Pour the fourth cup sherry over and let stand while you mix the rest of the cake.

In a medium bowl combine the two cups biscuit mix with the fourth cup sugar. Mix together the two beaten eggs, the two tablespoons melted margarine and the third cup milk. Combine with the apple-sherry mixture and pour into the biscuit mixture. Beat well.

Turn half the batter into a 9x9x2-inch pan which has been greased and floured. Sprinkle with half the Streusel Mixture. Top with remaining batter and sprinkle with remaining Streusel.

Bake in 400-degree oven 25 to 30 minutes or until cake tests done.

STREUSEL MIXTURE

- 2 Tablespoons brown sugar
- 1 Tablespoon biscuit mix
- 1 Tablespoon butter
- 1/2 teaspoon cinnamon

Blend together the two tablespoons brown sugar, one tablespoon biscuit mix, one tablespoon butter and eighth teaspoon cinnamon. Mix well.

'The Sale!' In Pacifica

What do you need? A shower door — an antique rocking horse — a 24-inch bicycle — a washing machine — a black swan from Tanganyika — all these and a kitchen sink will be offered to the public when The Sale! opens its doors on Friday in Eureka Square.

Mrs. E. M. Borger, The Sale! chairman, announced that the hours will be from 9:30 a.m. to 9 p.m. on Friday, and from 9:30 to 5 on Saturday.

The Sale! is the spring fund-raising event of the Pacifica Auxiliary to the Family Service Agency of San Mateo County.

This is a private agency which provides counseling by skilled social workers through its four offices in the county. The agency is a member of the United Bay Area Crusade, and an accredited agency of the Family Service Association of America.

PITTED AGAINST one another in Friday's "A Delicate Balance" are (left) Jeanne Patzold as Julia and Sharon Almeida as Claire. Three-weekend run will start at 8:30 p.m., in Oddstad Center, Pacifica, by Spindrift Players.

'A Delicate Balance' On Stage Friday In Pacifica

Friday at 8:30 p.m. the curtain will rise on the third production of the Pacifica Spindrift Players' 1969-70 season with the presentation of Edward Albee's Pulitzer Prize winning, "A Delicate Balance."

The three act drama which has been considered Albee's finest work in playwriting will continue for three weekends at the Oddstad Theatre, Crespi Drive, Pacifica.

Directed by Rod Clark, the FSP production has been in rehearsals since late December and many facets of staging in an unusual experimental manner are being used.

Settings, designed by Clark, and executed by John Craig, will feature stark angles, delicately balanced by sweeping curves and abstract artwork. The furnishings of the productions were especially designed to carry the angels and curves further.

Color coordination and other technical areas such as effect lighting and costuming has taken an essential role in creating the balance sought.

The drama unfolds to reveal a man and woman (Tobias and Agnes portrayed by Sydney Clark and Bern Hyhan), whose marriage had drifted loose and who harbor the wife's alcoholic sister (Claire, played by Sharon Almeida) from the shocks of a bitter world. They receive into their home one night both their daughter (Julia created by Jeanne Patzold), who has come home after the wreck of her fourth marriage, and a couple (Edna and Harry played by Bernice Olson and Luther Spraker) who are their best friends and who have just had the shock of their life.

The couple move in and lock the door; and before they finally leave, everyone in the family is made to face the reality of the same terror, to recognize how they have lost love, frittered it away, until they are at that delicate balance between sanity and madness.

Tickets are available at the door for every performance.

St. Peter's Women's Guild is sponsoring the Saturday performance on February 28 and advance tickets for that night are available through them by calling Mrs. Lois Acero.

BRIGHT LIGHTS BY LLOYD JOHNSON

Chef Tom Delano Returns To Ben. Franklin Hotel

Great news from Erwin Best, Director of the Benjamin Franklin Hotel: Tom Delano, one of the Peninsula's favorite culinary artists, is back in the role of executive chef at this distinguished downtown San Mateo hotel. If you're among the countless numbers who have enjoyed his popular-priced family dinners in the Greenwillow dining room in the past, then you are as happy about it as we are. Special attention is given to banquets, club dinners and party affairs. . . . Herman Franks, former manager of the Giants, has been seen lately dining on cannelloni at Bertolucci's in South San Francisco. Herman doesn't have to worry about his weight. Boy, how he loves Banana Fritters! . . . During an evening at Alexi's Zorba restaurant in Belmont, you are just as apt to find your host, Alexi, on stage doing folk dances as you are to see him greeting guests at the door or behind the bar mixing cocktails. Rumor has it that he even helps to prepare the Greek dishes. "Busy little Greek boy," as he puts it.

CRAB SPECIALISTS—Vince Licata (right), boss of Vince's Italian and Sea Foods, checks over his daily supply of fresh crab with his daughter, Angela Pascua, and son, Louis, who assist "dad" in the thriving restaurant and Delicatessen and Fish Depot.

Claude Schroeder, with his many years of experience as a restaurateur, is proving every day at the South San Francisco Holiday Inn, where he is general manager, that personal service always pays off. Which is one very good reason why the Royal Hall dining room of this conveniently located Peninsula complex is bustling with activity. 88'er Robert Surabian now presides at the piano in the lounge. . . . "Early Coach Fares and Schedules" are part of the wall decor in the Stage Coach restaurant at Stickney's San Mateo. Also drawings of different types of stages and those who rode shotgun. . . . Have you made reservations in South Lake Tahoe for this weekend? Suggest you do so right now or plan to take along a sleeping bag. "Barney's Casino is expecting a banner crowd," said General Manager Luke Heinman. Special charters can be arranged for Overnights or Turnarounds (spending eight hours and returning) by Park Avenue Tours. Generous bonuses are offered. . . . Carroll Wallace, whose show business name is a combination of the late Earl Carroll's name and that of the latter's longtime singing star, Beryl Wallace, is the new master of ceremonies at Finocchio's, San Francisco's famed house of female impersonations.

C. Schroeder

Foster's restaurant manager, Wilfred Caldwell, says their "Special dinner for our Senior Citizens" is bringing smiles of satisfaction. Served Monday through Friday, 11:30 a.m. to 6 p.m., the budget price is just \$1.25, plus tax. Featuring Pot Roast of Beef on Monday; Veal Cutlet, Tuesday; Hamburger Steak, Wednesday; Roast Turkey, Thursday, and Filet of Sole on Friday, the special dinner includes tossed salad, vegetable, potatoes, roll, Jello, coffee or tea. . . . Adrienne Steele, waitress at the Shirl Tail in Palo Alto, turned down \$7,000 for her rare 1961 Jaguar Mark IX Saloon. The classic car, which she calls "Maximilian," has a console desk and slide-back sun roof. . . . If you want to get rid of that uptight feeling, drive over the hill to Rockaway Beach, Pacifica, and take in the tranquil view of the rolling surf while dining in one of Nick Gust's splendid restaurants — The Moonraker, Nick's (breakfast is served here from 10 a.m., as well as lunch and dinner), and the Al Williams Papagayo Room. . . . Authentic Dortmund Kronen German beer, full-strength, 14 proof, is a big seller at Lew Lehr's Steak House in the Marina District of San Francisco. The burly gusto is a hit with many patrons and fits in well with one of Lew's superb cut-to-order steaks.

W. Caldwell

Art Polizzi and his partner Norm Eichelmann, owners of the familiar Bayside Motel landmark since 1941, recently opened the luxurious Costa Brava restaurant, which crowns the hilltop dividing San Francisco from San Mateo County. Offering a spectacular view of the city skyline and the Peninsula and Bay, the half-million dollar show place with its rich Spanish Modern decor features a moderately-priced menu of American favorites, broiled steak and lobster, and European dishes seven days a week in the Sancho Panza room. Dancing every night in the Don Quixote Lounge. Live entertainment featuring Dave and Pat begins March 5. Joseph Ursino is general manager and June Nucetola is assistant manager and hostess. . . . Hank Falconer, one of the Bay Area's most popular guitar-singers, is featured at the Burlingame Hyatt House. Falconer, the "Glen Campbell" of the Peninsula, shares the spotlight in the Tournay Lounge with Rose Marie.

Eddie Fisher Hosts Dinner At Phil Lehr's

The celebrity parade continues at Phil Lehr's Steakery, downtown San Francisco. Singer Eddie Fisher hosted a quiet dinner for his pretty daughter, Carrie. They ordered the Peach Wellington, Claudia, a gourmet steak dish named for the daughter of another famous singer — Dean Martin. . . . Special attention is paid to luncheon parties at the new Executive House Thunderbolt Hotel in Millbrae. The spacious dining room or banquet room offer ample accommodations for any size group. Tip to the ladies from Sales Manager Pat Reilly: Take advantage of the facilities for your next club meeting or luncheon. Early reservations are suggested. . . . Small, medium or large — whatever size pizza you order at Romano's Italian restaurant in Pacifica's Rockaway Beach, you can be certain that Enrico Romano will overload it with all your favorite ingredients. . . . Tommy Harris received a letter from a couple in Boston saying that they had lunched and dined at Tommy's Joyn several times during their visit to San Francisco and that his food was better than any in their home town.

Dean Martin

Teddy Noga's Eastman Trio continues to play dance sets for swingin' people at the Lounge at the Villa Hotel, Tuesday through Saturday, from 9 p.m. The Villa Hotel, with its entertainment policy, the luxury and comfort of its guest rooms, 24-hour service in every sense, including food room service, makes good starting qualifications for any use you wish to make of this complete San Mateo hotel. . . . Luz Garcia recommends you drop into the Sinaloa Mexican cantina in North Beach and feast your eyes on The Sandovals, a youthful group of Mexican performers who entertain in the grand south-of-the-border style. However, they also cater to the younger generation with songs that have a distinct rock flavor. . . . Swiss coat of arms depicting the various states of Switzerland line all four walls of The Matterhorn restaurant on Burlingame's Broadway. It adds bright and interesting color to the atmosphere of the chalet-type restaurant. . . . Huge pilings, fishermen's nets and sea shells set the nautical scene at Pardini's Grotto, the "Fisherman's Wharf of Millbrae," where Gene Pardini and Paul Tufo prepare your favorite seafood dishes. Fresh fish, crab and shell fish may be ordered at the take-out counter as well.

Dave Rasmussen, owner of The Shadows restaurant in downtown San Mateo, reminds brides-to-be that well over \$150,000 was invested in the fabulous Banquet Room to make it one of the most fashionable places to hold your wedding receptions. The spacious dining facility carries out a natural used brick and redwood decor with luxurious red velvet drapes and deep burgundy carpeting. Key executives in this expanded operation, in addition to Rasmussen, include Bill Mills, executive chef, and George McCaman, general manager. . . . Get the Smorgy habit! \$1.75 buys "All you can eat" from a selection of over 35 entrees featured on the help yourself buffet table at Perry's Smorgy on El Camino Real in San Mateo. The price for dinner includes dessert and the beverage of your choice. . . . San Francisco's famous Domino Club, owned by Larry Gerald, is always crowded with the well-dressed Montgomery Street set during the cocktail hours. . . . A beautiful painting of the "Leaning Tower of Pisa" adds a touch of the traditional to Joe and Lou Ercoli's Leaning Tower restaurant in South San Francisco. . . . A fashion show by Dixon's of Menlo Park is on the afternoon luncheon agenda at the Atherton Club Friday, February 27, announced Manager Carl Spann.

No 'Generation Gap' Among The Rockhounds

THERE IS NO generation gap when an interest is shared. Here, a fossil rock spells excitement to junior Pacific Arts and Lapidary Society members Gary Bennett and Ray Jackson. That's instructor John Creighton identifying the shell traces of ancient sea life.

Pacifica Juniors 'Share Excitement'

The junior division of the Pacifica Arts and Lapidary Society—15 children and 10 parents and grandchildren—took a field trip to Ano Nuevo beach on the San Mateo County coast. This, and other beaches along the coast south of Half Moon Bay are loaded with mineral prizes: Ocean-tumbled agates, jaspers, cinnebar, serpentine and just-plain pretty rocks are easy pickings for the knowledgeable beachcombers.

Ano Nuevo beach has been a favorite hunting ground for bay area rock clubs.

On this particular trip the Pacifica Club shared the area with collectors from San Francisco and Carmel Valley clubs.

Rock hunting is becoming increasingly popular with all age groups from 7 to 70. You can tell the rockhounds, with their rock picks, collection bags and eyes glued to the ground.

The afflicted often utter little cries of "Lookit this!" as they make snatching grabs at the ground.

Well-dressed matrons can be seen crawling sedately down a beach or pawing patiently through great piles of pebbles, and children happily toss their rejects into the surf, stuffing their pockets with treasures.

Collected rocks will go into tumblers or be cut and polished into jewelry or art objects with loving care and may appear in the lighted display cases at local gem and mineral shows.

THE BREEZE sends out the smell of roasting hotdogs and the youngsters know it's time to troop in with their appetites. Walter Baeff, who instructs classes in gemcutting for the Pacifica Arts and Lapidary Society, acts as chef, while Sharon and Edward Lewis and Gary Bennett stuff down seconds—and thirds!

WHEN COLLECTION bags—and tummies—are filled, a little music is in order, and Lois Crawford plays a beachcomber's song on her harmonica, as Peggy Tweedie and Amy Bartizal (left and center) hum along.

(Post Photos by Donna Starr)

MOTHER AND DAUGHTER put their heads and hobbies together and inspect a bright beach agate. Jackie Ellis and her daughter April personally checked over thousands of these rocks in hopes of finding some (they took about 100) worth packing home.

ENTHUSIASM brought to the exposed face of a beachside cliff Frank Readron and Tom Prayor. Digging into the cliff brought them both some new specimens for their mineral collections.

North County Soroptimists Announce Award Winner

Mrs. Milton Bronstein of South San Francisco has been nominated for the Woman of Achievement Award for the southwestern region of the Soroptimist Federation of the Americas, Inc.

N.P.L. Playoffs Start Today In Skyline College's Gym

No Ram Problem With Cougar '5'

North Peninsula League basketball playoffs will begin tonight, and continue through Thursday, at Skyline Junior College, Commissioner Michael Orlich announced Tuesday.

First place resembles a polinated sinus cavity with Westmoor, South City and Jefferson all grabbing for the title. In NPL action Friday, the Rams bombed Half Moon Bay 74-55, Oceana again defeated Terra Nova, 58-55, and El Camino downed Serramonte, 68-42.

Orlich said South San Francisco would play Westmoor at 7 p.m. today, in Skyline's new gymnasium, with the winner of that contest pitted against Jefferson — same time and place — Thursday.

The details for the playoffs were determined at El Camino High School in South San Francisco by Robert Keropian, president of the NPL Board of Managers, and Orlich.

Following the NPL playoffs, the winner will meet the winner of the Mid-Peninsula League Friday night at U.S.F., Orlich said, with that game's victor moving in against the Catholic Athletic League winner.

The Rams had no problem at all with the Cougars as they jumped out to a 25-2 quarter lead that saw the losers get just two three throws in the first eight minutes. Brad Quansmoor headed the Ram pack with 19 in his brief time while Mike Reynolds added 16 more.

Oceana started quickly, played trade-away in the middle two quarters and hung on for dear life in the last period to down the taller Tigers. Steve Crocenz, who didn't have a bucket the last time out, got 11 this time on his way to 26 points and game honors, two ahead of junior forward Bud Papadakis from TN.

The Tigers closed the gap to 56-55 with one minute left but a layin by Jeff Facer capped the win in the final seconds. The Tigers' full-court pressure and ensuing Oceana turnovers almost gave Don Delbon's crew the victory.

El Camino's Colts kept Serramonte winless for the 1970 season with the 26-point victory. Blanced scoring from forward

South S.F.'s Super Effort Wins Game

By JERRY LITTELL
Post Sports Writer

For a brief 32-minute span Friday afternoon the South San Francisco High School Warriors reverted to the style of play that has given them four straight North Peninsula League basketball championships and as a result this year's race will apparently end up in a three-way tie.

Playing the run-and-shoot scatter offense they operate so well, the underdog Warriors upset top-ranked Jefferson, 71-63, a victory which elevated the Warriors and Westmoor into first place alongside the Indians with one game remaining.

On paper outmanned at virtually every position, the Warriors nevertheless came up with their super game of the season.

Cap Coach Sees, Likes The Team

By CHRIS STAVE

Capuchino's Jimmy Johnson got a good look at next year's team today and like what he saw.

The junior-laden Mustangs beat Aragon 70-64 in San Bruno, and two of the Cap underclassmen put a smile on Johnson's face that may last till next December.

Don Dowling, the "Tangs" 6-6 junior center whose main attribute to date has been the sheer bulk he uses to clog the middle, came into his own.

In his best game of the season, Dowling led all scorers with 22 points, grabbed off 20 rebounds and blocked five shots outright — forcing ace Don marksmen Jim Roney and Bill Lewis to the outside.

Heartbreak Hits Again

By JEREMY ROBINSON

But for a tragic half-minute, San Mateo inbouded and Crestmoor High School might have achieved its first victory of the Mid Peninsula League basketball season Friday.

But the Falcons' fateful game with the San Mateo Bearcats was that much too long and thus ended in a 64-61 triumph for the hang-tough visitors. It was the Falcons' eleventh loss in the same number of games and possibly their most heartbreaking defeat of the year.

Ironically, the contest was played with all the competitive abandon of a title bout, even though it ranked as no more than a psychological battle for last place despite the fact that Crestmoor's 0-10 record precluded any change in the standings.

But the kids from the San Bruno hills played with all the determination of winners, and were leading 61-60 with 0:28 remaining.

Pierce added icing on the icing with two free throws after he was fouled back court, and the San Mateo fans carried Woods off the court.

'Buzzards' Finally Win In Daly City

The Buzzards notched their first league victory, the Pomona Casuals upset their seventh straight victory without a defeat, and the Daly City Yellow Cab grabbed their third league win to highlight play in the Daly City Department of Recreation, Parks and Maintenance Adult 3-Man Basketball League last week.

The Buzzards displayed hustle and stamina in picking up their 41-36 win over the Counters. The Sportsmen started out slow but finished strong to whitewash the Half Pints 41-21. The Pomona Casuals dominated the boards as well as the shooting percentage as they pickup up a 40-34 upset win over the Odd Squad, and to round out play, the Daly City Yellow Cab slipped past the Lions 51-29.

ALASKAN TEST

FT. RICHARDSON, Alaska — Army Private First Class James M. Rountree, 20, son of Mr. and Mrs. Ralph Rountree, 611 Santa Teresa Ave., Millbrae, is one of the men from the 172nd Infantry Brigade at Ft. Richardson, Alaska, who are participating in a 12-day winter training program in some of the most rugged territory in the state.

Called "Northern Warfare Training," the program is being conducted at Gulkana Glacier, 68 miles south of St. Greeley. It includes snowshoe training, cross country and downhill skiing, cross country ski march and trail breaking. The infantrymen will also take part in a two-day field training exercise which will test their skill and endurance.

In addition to facing sub-zero temperatures and the natural hazards of the area, the men are finding the tough training enhanced by another factor — their sleeping quarters are Arctic tents.

Pfc. Rountree, a radio telephone operator in Company E, 1st Battalion, of the brigade's 60th Infantry, returned to Ft. Richardson with his unit on Feb. 6.

SPECIAL WARFARE

FT. BRAGG, N.C. — Sergeant John A. Premenko, 20, son of Mr. and Mrs. Nick P. Premenko, 660 Reina Del Mar, Pacifica, completed Special Forces training December 19 at the John F. Kennedy Center for Special Warfare, Ft. Bragg, N.C.

The sergeant, who is now prepared for an assignment with one of the six operational special forces groups around the world, received his first four weeks of training in map reading, patrolling and methods of instructing native personnel.

The student then received instruction in his category of the five basic skills found in a Special Forces detachment — medical, communications, intelligence and operations, engineering, and demolitions and weapons.

Sergeant Premenko concluded his training with a four-week course in Special Forces tactics and techniques. He was taught the advantages of psychological warfare and the necessity for gathering and assessing intelligence data before infiltrating and actually operating in an area.

His wife, Elizabeth, lives at 1234 Alicante Drive, Pacifica.

RADAR DUTIES

FORT WAINWRIGHT, Alaska — Spec. 4th Class Perry Robert Hough, son of Mr. and Mrs. Rolf Hough, 2319 Trenton Drive, San Bruno, was recently promoted to Spec. Fifth-class. He was one out of six who were promoted. Stationed in Fairbanks, SP-5 Hough repairs radars.

During the holidays, Hough was at home on leave with his family and friends. The 1965 graduate of Crestmoor High School attended College of San Mateo before entering the army. He is due for discharge in May.

COMBAT DUTIES

JACKSONVILLE, N.C. — Marine First Lieutenant Willis J. King Jr., son of Mr. and Mrs. Willis J. King of 425 E. Poplar Avenue, San Mateo, is serving with Marine Medium Helicopter Squadron 261 in support of Marines of the Second Regiment, Second Marine Division in the Caribbean.

In the Caribbean the Jacksonville, N.C. based squadron will participate in training exercises and simulated combat operations.

HEROISM TOLD

WITH U.S. COMBAT AIR FORCES, Vietnam — U.S. Air Force Major John G. Hayes Jr., from San Mateo, has been decorated at Eglin AFB, Fla., for heroism in Vietnam.

Major Hayes, son of Mr. and Mrs. John G. Hayes, 5 Barriolhet, San Mateo, has received the Distinguished Flying Cross.

The major earned the decoration as an A-1 Skyraider attack bomber pilot on a mission providing close support to a trapped Special Forces team near Kham Duc, Vietnam.

As lead pilot in a flight of A-1s, Major Hayes repeatedly subjected himself to a withering hail of ground fire to silence all enemy emplacements.

The major completed a 12-month tour in Vietnam where he served with the 6th Special Operations Squadron, Pleiku Air Base.

He is now assigned as an instructor pilot with the 4407th Combat Crew Training Squadron at Eglin. He is a member of the Tactical Air Command which provides combat units for air support of U.S. ground forces.

The 1955 San Mateo High School graduate received his B.S. degree and his commission in 1959 from the U.S. Air Force Academy.

His wife, Sandra, is the daughter of Mr. and Mrs. A. Bach of Edinburgh Avenue, San Mateo.

PILOT TRAINING

SAN ANTONIO—Harold M. Ohs II, son of Mr. and Mrs. Harold M. Ohs of 166 Alberta, San Carlos, has been commissioned a second lieutenant in the U.S. Air Force upon graduation from Officer Training School (OTS) at Lackland AFB, Tex.

The lieutenant, selected for OTS through competitive examination is being assigned to Randolph AFB, Tex., for pilot training. Lieutenant Ohs, a 1963 graduate of Woodside High School, earned his B.S. degree from the University of California where he is a member of Phi Kappa Psi.

AIR SUPPORT

WICHITA FALLS, Tex. — Airman Douglas A. Gunning, son of Mr. and Mrs. Leonard Gunning of 13895 Skyline Boulevard, Woodside, has graduated at Sheppard AFB, Tex., from the U.S. Air Force aircraft mechanics course.

The airman, now trained to maintain and service reciprocating engine aircraft and aircraft systems, is being assigned to George AFB, Calif., for duty with the Tactical Air Command which provides combat air support for U.S. ground forces. Airman Gunning is a 1969 graduate of Half Moon Bay High School.

CARLOS GRAD

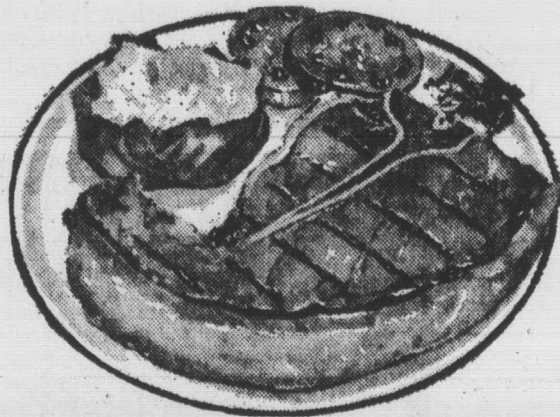

WITH U.S. COMBAT AIR FORCES, Vietnam — U.S. Air Force Airman First Class Steven L. Rolling, son of Mr. and Mrs. Lamar Rolling, 1332 Walnut Street, San Carlos, is on duty at Cam Ranh Bay AB, Vietnam.

Airman Rolling, an armament systems specialist, is assigned to the 12th Avionics Maintenance Squadron, a unit of the Pacific Air Forces, headquarters for air operations in Southeast Asia, the Far East and Pacific area. He previously served at Homestead AFB, Fla.

The airman is a 1978 graduate of San Carlos High School.

Soil District In U.S. Competition

San Mateo County Soil Conservation District has entered the 23rd Annual Goodyear competition to select the nation's top 53 conservation districts, according to Fred E. Cunha, Route 1, Half Moon Bay, district chairman.

Activities of the district will be weighed against the performance of other districts in the state in determining the outstanding district in the annual event sponsored by The Goodyear Tire & Rubber Company of Akron, Ohio.

Key agricultural leaders will serve as judges and will select the state winner. Soil Conservation efforts from January 1, 1969, through December 31, 1969, will be considered.

NUCLEAR POWER

Jan. 12 — USS ENTERPRISE — Navy Petty Officer Second Class Michael J. Westfield, husband of the former Miss Patrick K. Merrill of San Mateo and Navy Petty Officer Second Class Stephen C. Guthrie, husband of the former Miss Deborah, 154 Starlite drive, San Mateo are serving aboard the nuclear-powered aircraft carrier USS Enterprise at Newport News, Va.

January 1970 marks 15 successful years since the submarine USS Nautilus transmitted the famous message "underway on nuclear power." Since then the Navy's nuclear-powered fleet has grown to eighty-seven nuclear-powered submarines and four surface vessels.

The Enterprise is a veteran of seven cruises totaling more than 520,000 miles. It has seen three tours of duty in Mediterranean waters, four in the Western Pacific off the coast of Vietnam and one world cruise with two other nuclear-powered surface vessels.

Enterprise is presently undergoing repairs at Newport News following combat duty in the Tonkin Gulf.

COMMEMATION

KLAMATH FALLS, Ore. — First Lieutenant Walter J. Strach Jr., son of Mr. and Mrs. Walter J. Strach, 443 Twenty-second Avenue, San Mateo, has received the U.S. Air Force Commendation Medal at Kingsley Field, Ore.

Lieutenant Strach was decorated for meritorious service as a weather officer at Kingsley Field. He was cited for his outstanding skill, knowledge and leadership as project director for a special fog dispersal project conducted there.

He serves with a unit of the Air Weather Service which provides weather information for military flight operations.

Lieutenant Strach earned his A.A. degree in 1964 from the College of San Mateo, and in 1966 earned his B.A. degree in meteorology from San Jose State College.

The lieutenant, a former meteorologist with the U.S. Weather Bureau at the San Francisco International Airport, was commissioned in 1967 through Officer Training School at Lackland AFB, Texas.

His wife, Carol is the daughter of Mr. and Mrs. Charles E. Johnson, 451 22nd Avenue, San Mateo.

Grand award for the 53 districts selected nationally will be an expense-paid, work-study trip to Arizona in December, 1970 for one member of the district's governing body and the outstanding farmer-cooperator in each winning district. The 106 man selected will be guests at Goodyear Farms, a 14,000 acre general farm operation near Phoenix.

San Mateo County Soil Conservation District has taken part in the competition for the past 11 years.

District supervisors are: Fred E. Cunha, Route 1, Box 362-B, Half Moon Bay; Cleo Sare, Secretary of the Board, Route 1, Box 5, Half Moon Bay; Edward Campinotti, P.O. Box 74, Pescadero; Andrew Gabrielli, Route 1, Box 42-G, Half Moon Bay and Jesse Nunziati, Pescadero Creek Road, Pescadero.

Cunha said the district's outstanding cooperator will be selected from more than 325 farm operators enrolled in the district program. Nationally, over 2,000,000 farmers in over 2,950 districts have signed cooperative agreements with local Soil and Water Conservation Districts.

Presentation of an award to the local Farmer of the Year selected for 1968 has been scheduled for Wednesday evening March 25 following the regular business meeting of the Board. All meetings are open to the public.

Motorcycle Injures Man

A San Carlos man was hospitalized with leg and arm injuries Monday after he was struck by a motorcycle in the parking lot of a Redwood City service station.

Admitted to Sequoia Hospital was Daniel McNamara, 23, of 1073 Porto Marino Drive.

Policemen John Sosoeff and Larry Tyson reported that McNamara was standing in the service station lot at 610 Woodside Road at 3:55 p.m. watching Elroy Walker, 28, a Mountain View carpenter, try out a new motorcycle.

The accelerator evidently jammed, the officers reported, and the motorcycle struck McNamara and the edge of the building. Walker was not hurt.

Sequoia Imports Illinois Expert

Mrs. Dorothy Magett, coordinator, Human Relations, for the Evanston Township (Illinois) High School, will speak at a series of meetings for staff and parents of the Sequoia Union High School District Thursday, February 26, in the Board Room at the District offices, 480 James Avenue, Redwood City.

Attending the meetings, a part of the inservice training activities of the District, will be administrators, staff members of each school, and representatives of parent organizations from each school. Mrs. Magett will speak on human relations and intergroup education.

KEVIN "MIKE" McDONALD, owner of the Mercy Ambulance Company in Daly City-Colma, lost his father to a robbery suspect's bullet in 1933. A few years later, cousin Joe Lacey was killed by a burglar during an arrest. This week, cousin Brian McDonnell was murdered by the worst type of killer — a despicable coward who placed a time bomb outside the Park Police station.

McDonald is a police commissioner in Broadmoor, in addition to his duties as head of an emergency ambulance company.

To date, the city of San Francisco has antied up more than \$25,000 for information leading to the arrest and conviction of the killer — or killers. But all the money in the world cannot bring back this fine officer.

The public, it is hoped, will stop letting "George do it" and start concerning itself with crime prevention, as nationwide law enforcement officials urged them to do during last week's Crime Prevention Week.

★ ★ ★

THERE MAY BE HOPE in getting those killer mini-bikes off the road if Pacifica's Fred Cziska is able to pull off a plan he has for a "mini-rally" in that Coastside city on March 21. Kids under 12 may participate in the mini-only rally at Mori's Point and entries should be in by March 19. (He's in the phone book). If successful, the Coastside Motorcycle Club will sponsor more such events.

HEARD FROM Mrs. Carol Hill, secretary of the JFK — P-TA. She's concerned about the danger school children attending the facility are exposed to by maniacal drivers using the not-so-old Guadalupe Canyon Parkway. At the bottom of a long downgrade, the parkway narrows to two lanes, swings into a sharp double curve and straightens out in time to pass the Colma K-6 school.

We've commented on this ridiculous situation — here officials (county) gave their blessings to improving the parkway, and school officials decided to build a school — for the past three years.

There have been some considerations made on behalf of the children: A sidewalk, which is far too narrow, was hastily built along one side of the parkway, but children being children still are crowded off the walk.

Especially dangerous during rainstorms and commute hours. What to do? Perhaps a wider sidewalk with guard rails to start with. A pedestrian overpass could be built for mutual use by both schools. This DOES cost money, but what's a kid's life worth?

And now with the further improvement of San Pedro Road and Mission Street, et al, traffic will be even more congested. There is a good side to all bad things: The Daly City Police Department maintains an on-the-spot patrol of immediate school areas, on the watch for traffic violators even though the JFK school is in the County. A tip 'o the old topper to them. Perhaps Mrs. Hill and her organization can arouse the so-called "silent majority" into action???

ALL'S QUIET on the political front in Daly City, but things should begin breaking loose pretty soon! With only seven weeks to go until the April 14 election, candidates are maneuvering into position to start their CAMPAIGNS . . . Louis J. "Lou" Papan kicked off his campaign last Thursday night, four days after Robert Stewart bounced into the arena — both with champagne and hors d'oeuvres.

If the entertainer at Papan's rally, Louis Gundunas, is any indication of the strength of the candidate's upcoming campaign, watch out!

Gundunas, star of Broadway's "Zorba" and owner of the Balkan Village restaurant, lifted a standard wooden dinner table topped by five chairs — with his teeth and nothing else. Ooouch . . . And Dino Tonelli has yet to be heard from although The Shadow informs a strong campaign is being constructed from the people up. To where? . . . There are rumbles that incumbent councilman Michael R. DeBernardi and Jeff elementary school board trustee William Schumacher may team up. Nothing definite . . . Former JESD trustee Tom Noonan is heard marshalling his old work force in favor of Tonelli . . . And the beat goes on.

A Feature Potpourri

Greenwood Partially Right, Wrong

By WILL THOMAS
Post City Editor

Frank Greenwood, the superintendent of the Jefferson Elementary School District, was both right and wrong in his summary of what the district attorney's office had to say in a letter dealing with the Daly City school district's persistent feud with teachers over last year's salary negotiations.

The district attorney's letter was released to The Post at midday Feb. 17. Trustees, in a hasty change of decision, had refused to let the press have copies of the letter following a special meeting on the negotiation dispute the night before.

As Supt. Greenwood explained Monday, and again in a Tuesday news release, the district attorney's office did indeed urge the Jefferson Elementary School District to seek private counsel in its dispute with its teachers' association if trustees insisted upon pressing for declaratory relief in its negotiation dispute, because of shorthandedness.

However, the president of the Jefferson Classroom Teachers Association, Mrs. Joan Hemphill, contended the district at-

torney's office had shunned the district because it didn't think the matter had a chance in the courts.

A review of the letter, authored by James M. Parmelee, chief civil deputy in the district attorney's office, shows that, actually, both the school superintendent and teacher representative Hemphill were correct.

But Greenwood was wrong on one count—correct on the other. What Greenwood failed to mention fully to the public were these paragraphs, listed under a heading, "Recommendation":

"Inasmuch as in our opinion a declaratory relief action is not the proper way in which to determine the additional State Support Funds, if any, to be used in determining whether your certificated school employees are entitled to additional salary and/or fringe benefits for the current school year, we recommend either that your board make its own determination as to what your board intended by adopting the salary proposal in question, or that you refer this matter to an independent agency (for example, the California Conciliation Service) for an advisory opinion on

the proper interpretation of the salary proposal in question, with the understanding that any such determination will not be binding upon your board.

"In the event that your board decides to file a declaratory relief action notwithstanding the recommendation of this office, we suggest that you engage private counsel for this purpose since illnesses in our office, together with an unduly heavy increase in our workload, as well as our belief that such a declaratory relief action would be unsuccessful, makes it inappropriate for our office to file such a declaratory relief action on behalf of your district."

The dispute is over an agreement between Greenwood and the district's negotiating council.

The superintendent, and subsequently the trustees, have one interpretation, the teachers another over whether the June, 1969, pact called for payment of funds above \$150,000 to teachers at the rate of 75 percent of ALL funds or that percentage of just STATE AID funds.

Greenwood's new Tuesday news release acknowledged in addition to a previously an-

nounced "summary" of the letter's contents:

"James Parmelee . . . stated, in his opinion, the meaning of the salary proposal would more properly be determined by the district's board of trustees than by declaratory relief action."

Greenwood maintains, it was pointed out, "that the action taken by the board should be adhered to by both parties if future meetings, conferences and agreements are to have any validity."

Additionally, he "maintains that it is the purpose of the negotiating council to reopen negotiations in order to obtain salaries in excess of those agreed to be the board of trustees on June 3, 1969 and December 16, 1969." Greenwood had made most of the same statements included in the news release at Monday night's short board of trustee meeting.

His comments followed an executive session.

At least one trustee later registered surprise. Paraphrasing his statement the trustee said he thought Greenwood merely planned to tell the public the board members could not agree on which of the alternatives

spelled out by Parmelee they should follow.

Instead, Greenwood proceeded to tell "why" the DA's office declined to take the case, omitting the part dealing with the assertion concerning "our belief that such a declaratory relief action would be unsuccessful."

Parmelee also noted, in his letter, after summarizing court rulings in related matters in the 1960's:

"In the situation presented the salary proposal in question is subject to many possible interpretations . . . and in our opinion the court in a declaratory relief action would find it difficult, if not impossible, to determine the meaning of the salary proposal with respect to increased salaries from the additional State Support funds accordingly, in our opinion the court would decline any attempt to determine what possible meaning to the salary proposal was intended by your district board. Rather in our opinion the meaning of the salary proposal would more properly be determined by your district board than by a declaratory relief action."

MARCH 2 to 6 is Early Childhood Education Week in the north county and the Village Nursery School in Daly City and the youngsters attending it — those playing, above, and more — have invited the community to visit the facilities on North Parkview, from 9:30 to 11 a.m., daily next week. New Political Map

The cutting of the pie makes the difference. From the day of the first gerrymander, the right to draw district boundaries has been used and abused by office-holders and political parties to gain and retain power.

This weird political rite is due to occur again in 1971. The U.S. Constitution requires a census every ten years, and under Federal and State laws, congressional and legislative districts are to be adjusted following our national head count. Since Baker V. Carr and following cases, all legislative seats are to be apportioned on a one-man, one vote basis. With California's growth, we will have at least four additional congressmen, and the pattern of legislative lines will have to be radically altered to meet changes in our population. The result will be a brand new political map that will determine political futures for an entire decade.

Nothing is quite so upsetting to office-holders as the changing of district boundaries. Incumbents in areas of stable or declining population feel the squeeze most directly. But all legislators stand in fear of change from districts in which they have already proven successful.

But these same incumbents (those in the State Legislature) have the right to draw lines. Understandably, their ap-

proach is not removed and academic. Instead, they view compulsory apportionment much like members of the Donner Party gazing on the last leg of lamb.

The result in California has been a partisan feast. In 1951, Republicans were in power and drew a map that advantaged their party for an entire decade. In 1951, Republicans were in power and drew a map that advantaged their party for an entire decade. In 1961, Democrats were in control and did the same. For example, with similar percentages of the entire vote for all assembly seats, Democrats won 52 seats in 1962, and Republicans only 38 in 1966.

So, both parties view the 1970 election with interest and alarm. This election will set the tone for the next decade. With both houses of the legislature in close balance (21 R, 19 D in the Senate; and 41 R, 39 D in the Assembly) every district is a major battleground. Republicans have been working toward 1971 for almost a decade. Democrats are also deeply concerned about this election.

Into this volatile milieu is thrust a new and important change. Howard Way (R) who had deposed Hugh Burns (D) has now been ousted by Jack Schrade (R). At first, this change appears less than state-shaking. But it is.

For strange sounds have arisen from Sacramento. Senator Schrade was elected by an unusual coalition which included 13 Democratic votes. He has announced that he considers himself a "Senators' senator."

Senator Mills, a Democrat, sounds convincing when he charges that some Democrats voted for Schrade because of anticipated protection in the 1971 reapportionment. Up to now, Senator Schrade has provided limited light as to these charges.

If, in fact, he intends to protect incumbents, the Democrats have a great thing. For, if they win control of the Senate in the 1970 election, they will doubtless throw out Jack Schrade and elect their own leadership. If they fail, they will try to rely on him for protection and perpetuation of the imbalance first set in 1961.

But, what about the people? They are not so concerned about partisan cleverness or protection of existing politicians. Their interest is in fairly devised districts that form a sound basis for a representative government. They will be best served by lines that are based upon objective criteria such as compactness, contiguity and community identity.

The problems of the 1970's need more, not less, representative government. What is required is not a Senators' Senator, but a people's Senator.

'American Cooking'

At last a book that proves that Americans can cook as well as Europeans and Orientals.

American Cooking by Dale Brown is crowded with recipes for rhubarb marmalade, cranberry-orange relish, oatmeal cookies, apple pie and hundreds of other dishes that are purely American. Each dish is illustrated with a picture of the finished product.

Brown describes American food as "equal parts of bounty, diversity and ingenuity" — He finds the United States is a country with "prodigious gastronomic wealth" and as if to prove his point, he gives pictures, recipes and descriptions of American food that are capable of turning his readers into hungry beasts.

★ ★ ★

THE SECTION BEGINNING on page 30 is a case in point. It starts with a full page picture of a "lip-smacking" turkey just popped from the oven. Over the page is a description of the meal and step by step with instructions for roasting the turkey and recipes for all that goes with it: cornbread stuffing, cranberry orange relish, spiced acorn squash, cream onions and peas, mashed potatoes, pumpkin pie, apple pie, and old-fashioned vanilla ice cream.

This meal, the author writes, is the hearty perennial of American feasts.

Section three of "The Flavor of the Regions" should be required reading for everyone who cooks.

It argues that American dishes originated in the various sections of the country and, therefore, should be prepared according to recipes developed by the cooks of the given sections. Recipes for the dishes from each of the twelve sections with many pictures complete the section.

★ ★ ★

The book American Cooking is one of a series entitled Foods of the World from Time-Life Books.

Other titles in the series include the Cooking of Italy; Spain and Portugal; British Isles; Latin America, Scandinavia, China.

These are books for two kinds of people: "those who like cookbooks to cook with and those who like to settle down with to ready and enjoy." The editors write, "In each book you travel with an expert guide, absorbing the flavors of both countryside and cuisine."

To suit the two kinds of people, each volume contains two parts — The large book with the pictures and many of the recipes and a smaller companion volume of the recipes in the large volume and many more.

The authors of the books are distinguished writers, each selected for his or her special knowledge. The consultants for the individual books include noted editors, cooking teachers, and restaurateurs.

In the opinion of this reviewer, The Foods of the World series redeems the Time-Life firm for some of the poor things it has created.

BETTER BUSINESS

By LORENE BEASLEY
Better Business Bureau

QUESTION: What can the Better Business Bureau do about people who try to sell me merchandise over the telephone?

ANSWER: The Better Business Bureau takes no stand, for or against, the use of the telephone for sales solicitations. The Bureau's only interest, as in any other transaction, is whether or not there is evidence of misrepresentation or deception. If there is such evidence, the Bureau will contact the company concerned regarding the questioned claims or statement. If there is no reason to question the veracity of statements made during the telephone conversation, then the Bureau takes no action.

QUESTION: What is the difference between an optician, an optometrist and an ophthalmologist?

ANSWER: 1. The Optician is trained to grind, fit and supply eye glasses. 2. The Optometrist is licensed to examine the eyes and prescribe and provide lenses or visual training needs. Since he is not a medical doctor, if he suspects eye disease he will refer the patient to a physician for medical care. He may use the initials O.D. after his name. 3. The Ophthalmologist or oculist is a physician, licensed to practice medicine or surgery, who specializes in the treatment of eye diseases and optical defects. He will prescribe or provide lenses or visual training needs. He may use the initials M.D. after his name.

QUESTION: I have heard that money can be made if you get in on the ground floor of multi-level distributors for cosmetics, food supplements and other merchandise. Can you supply any information regarding this?

ANSWER: Where a realistic projection of distributor earnings and actual selling of the product to the public takes place, this pyramid type sales approach can be very effective. But where the merchandise is secondary to the sale of distributorships and the distributor's success hinges largely on his ability to recruit lower-level distributors, the technique is highly questionable.

QUESTION: I sent a photograph of my child which I thought was good enough for use in commercial advertising and \$10 registration fee to a Hollywood photo studio directory. To date, in spite of letters I have written, I have not heard from them.

ANSWER: The "mug-book" promotion is an old one that mothers will not let die. Despite what you wishfully thought or were led to believe, big advertisers, agencies and motion picture studios seldom select children for modeling and acting jobs from spurious publications.

Frank Spadarella Heads D.C. Cancer Crusade

Frank Spadarella, owner of Toto's Restaurant in Daly City, has been named Honorary City Chairman of the 1970 American Cancer Crusade in Daly City.

Spadarella has been actively involved with the American Cancer Society for 11 years as a loyal supporter and as a member of the San Mateo County Board of Directors during 1965-66.

"The drive has two basic aims — to demonstrate the advantage of regular health check-ups including Pap and procto tests, and to raise funds for cancer research which each year is coming closer to conquering the disease," said Mr. Spadarella. He pointed out that the need for funds is greater than ever before. "Since the federal government's budget for research has been curtailed, the American Cancer Society has been literally swamped with applications from scientists whose cancer research is threatened. There is a crisis situation in the funding of cancer research, and this is aggravated still further by inflationary pressures and the need for financing expanded services for cancer patients," he stated.

FRANK SPADARELLA

During the month of April, hundreds of men, women, and teen-agers will be ringing doorbells in Daly City as their part in the fight against cancer. Any one interested in helping is invited to contact the San Mateo County Office of the American Cancer Society.

OFFICE OPENS — Standing beside a mimeograph machine Jefferson Classroom Teacher Association President Joan Hemphill holds a hand-lettered sign to point out the fact the organization's new office at 151 Eighty-seventh Street, Suite 11, in Daly City is officially open for business. Bringing well wishes is Daly City Mayor Bernard (Bud) Lycett. Westborough

Bids Opened On March 17

Plans and specifications for construction of the Westborough Boulevard extension, a vital link in what is to become a major cross-country route, were approved last week by the County Board of Supervisors.

The action marks the official end of years of wrangling between the county and South San Francisco officials over just what is to be done and who will pay for what.

Final city approval was given after the board last week agreed to install a culvert, at a cost up to \$50,000, at Westborough Boulevard and Junipero Serra at Westborough and Junipero Serra boulevards.

Construction bids are scheduled to be opened by the supervisors March 17.

To be built is a new four-lane road extending from Junipero Serra Boulevard along Twelve-mile Creek across El Camino Real to Colma Creek on Chestnut Avenue. The link will connect South San Francisco with Pacifica and the coast. At the western end of the new link, estimated to cost \$2 million, the present Westborough Boulevard extends to Skyline Boulevard, from where Sharp Park Road continues on to the coast.

Twelve-mile Creek is to be enclosed in a culvert that will run beneath the new road.

In preparation for the project, several holes of the adjoining California Golf Club course were relocated several years ago.

Plan Mobile Home Show

The sixth annual Mobile Home and Recreation Vehicle Show, the biggest ever held in northern California, is slated at the Cow Palace March 4 through March 8.

Over 250 displays will highlight the huge show including more than 50 different mobile homes and over 200 various recreation vehicles. On display will be such unusual highlights as the new "high rise" — two-story mobile home — to numerous executive motor homes.

"THIS IS HOW WE DO IT TODAY" — Two Colma K-6 school children, Pat Archer and Dean Delfino, show Daly City senior citizens (from left) Miss Mae Varni, Mrs. Mary Tonnich, Mrs. Stella Filsarski and Mrs. Gertrude Jones texts and workbooks they use in their classroom. Sponsored by the Colma

P-TA, many senior citizens toured the facility, visiting classrooms. The P-TA, according to its president Mrs. Michael Pleich, thought the seniors might "like to see how some of the tax dollars they spend for the schools are used." (Post Photo)

Senior Patrol Hamilton Outlines His Career

The Senior Patrol led by Pete Rasmussen, recently opened the South San Francisco BSA Troop 179 Court of Awards with the lighting of the candles representing the 12 points of the Scout Law. Pete gave a one year pin to John Furr; a two year pine to Dean Fosberg; a three year pin to Al Nogare and a four year pin to Joe Flickinger, Cliff Imprescia and Larry Vieira.

Rasmussen also presented the Senior Patrol Leader warrant to Jim Fosberg, Jr. Fosberg, in turn gave Rasmussen his Assistant Senior Patrol Leader's warrant. New Patrol leaders are Steve Hutman, Fulvia Garzoli, Assistant Scoutmaster and hike master, presented Rick Fosberg with his hike of the month patch for a total of 40 hikes.

Scoutmaster Fosberg introduced Marvin Tarbox as the new Committee Chairman and presented Bud Olson with a Troop 179 mug for many years service. Bob Stookey presented Fosberg with a Certificate of Appreciation from the San Mateo City Council for putting on a series of successful training sessions.

Herb Werner, after bowing before the mascot, became a member of the Old Goat Patrol. This patrol is made up of fathers who have camped at least one night with the Scouts.

Jim Fosberg opened the Court of Honor by lighting the gold candle of Scouting. Fosberg called Ed Freitas, Jerry Seales, David Tarbox, Gus Vellis, Matt Wernre, Ken Wright to the stage. After lighting the Tenderfoot candle and reciting the Boy Scout oath, Fosberg officially welcomed the boys as Tenderfoot Scouts in Troop 179. Bud Olson committee chairman.

San Bruno attorney and county civic leader, Maurice K. Hamilton has filed his declaration of intent to become a candidate for the Superior Court Judge position left open by the announced retirement of Judge Edmund Scott.

Hamilton has served 10 years as a city councilman of San Bruno, having been re-elected to that post twice by large majorities after his original election in 1960. He was Mayor in 1962-63 and 1967-68.

He has been a lawyer for 18 years with experience in all phases of criminal and civil practice before San Mateo County and San Francisco courts with emphasis on trial experience, with cases before county, state and federal judges and juries.

Hamilton was admitted to practice before the United States Supreme Court in 1958 and in 1952 was admitted to Federal District Court and Ninth Circuit Court of Appeals in addition to all courts of the State of California.

He is presently a director of the San Mateo County Bar Association and last year served as president of the North San Mateo County Bar Association, of which he has been a member for 10 years. He is a member of the Lawyer's Club of San Francisco and the Alumni Association of Hastings College of the Law.

He received his Doctor of Jurisprudence at Hastings College of Law, University of California, following graduation from Jamestown College, North Dakota.

Hamilton holds the rank of Lieut. Colonel in the United States Air Force Reserve, (ret) having been a fighter pilot and instructor in World War II.

In addition to serving on the San Bruno Council, he is chairman of the San Mateo County Local Agency Formation Commission, a post he has held for four years, having been appointed to the body to represent cities of the county in 1963.

He is a member of the executive committee of the Association of Bay Area Governments (ABAG) representing 18 cities of San Mateo County for nine years.

Hamilton was appointed last year by Governor Reagan as a member of the Council on Intergovernmental Relations and is state chairman of the California Association of Local Agency Formation Commissions.

He was the first chairman of the North San Mateo County Council of Cities and served as vice-chairman of the San Mateo County Mayor's Council.

He is married and resides with his wife, Phyllis at 2260 Kingston Avenue, San Bruno and their four children; Leslie, 24; Paul, 19; Maurice, 16 and James 14.

Pvt. Cahilig was graduated from Lezo Institute, Lezo, Aklan, Philippines, in 1960 and received her B.S. degree in 1965 from Aklan College, Kalibo, Aklan, Philippines.

She received the promotion Jan. 16.

DA Doesn't Favor Pact With AFT

The San Mateo County District Attorney's Office has advised the Jefferson Union High School District that it should not enter into a teacher-district contract proposed by Local 1481 of the American Federation of Teachers.

A letter to Dist. Supt. Edward D. Morgan from Deputy Dist. Atty. Jerome F. Coleman expressed this thinking in the district attorney's office.

"In short, we are of the opinion that the contract is unnecessary in its present form, and that it could not be legally entered into by your district board."

Coleman added, "It would appear that all the goals desired by the agreement could be accomplished through the Winton Act and your negotiating council rules."

Robert Dezell, president of the local AFT chapter, said at the time of the contract's initial unveiling to the board of trustees that it brought together the rules and regulations spelled out in a variety of books and pamphlets.

The proposed pact was broader in scope, however, than merely placing in one document all those items.

Coleman noted, "The great bulk of the provisions in the agreement are already in the rules and regulations of your district, and thus an existing part of all your teacher's statutory contract."

However, he also pointed out, "A number of paragraphs of the proposed agreement are policy or philosophy statements and inappropriate to a contract of any type."

Coleman chided the proposal for "provisions which remove discretionary matters" from the hands of the board of trustees. He said he referred specifically to such things as class size and the hiring and qualifications of administrators.

Such provisions, he emphasized, "are within the specific management role of the board and may not legally be given to the employees by contract."

Additionally, Coleman advanced, "A number of ambiguities need to be clarified, including whether or not the agreement is to be negotiated annually, and whether or not it is intended that each employee sign his own contract."

Further, Coleman wrote, "We do not believe the proposed additional steps could be added by either contract or district regulation, any more than the teachers could waive their tenure rights by contract."

Jefferson Alternatives Discussed

What are the alternatives in the Jefferson Elementary District negotiation dispute that the Board of Trustees is unable to agree upon?

The district attorney's chief civil deputy, James Parmalee, listed them for trustees in a February 10 communication.

They are:

1.—Make a comparison of State Support Funds received during the 1968-69 with those same funds received this year.

2.—The additional revenues to be used for the basis of determining additional teachers' salaries for the current school year could be the difference between anticipated revenues, as set forth in the district's proposed 1969-70 budget, dated April 7, 1969, and the final school district budget approved June 3, 1969.

3.—The additional revenues for the purpose of computing the additional teachers' salaries payable by the district could conceivably refer to all additional revenues received by the district over and above the amounts set forth in the budget.

4.—Possibility of Declaratory Relief, which Parmalee advised against.

Mass Media Course Is Offered

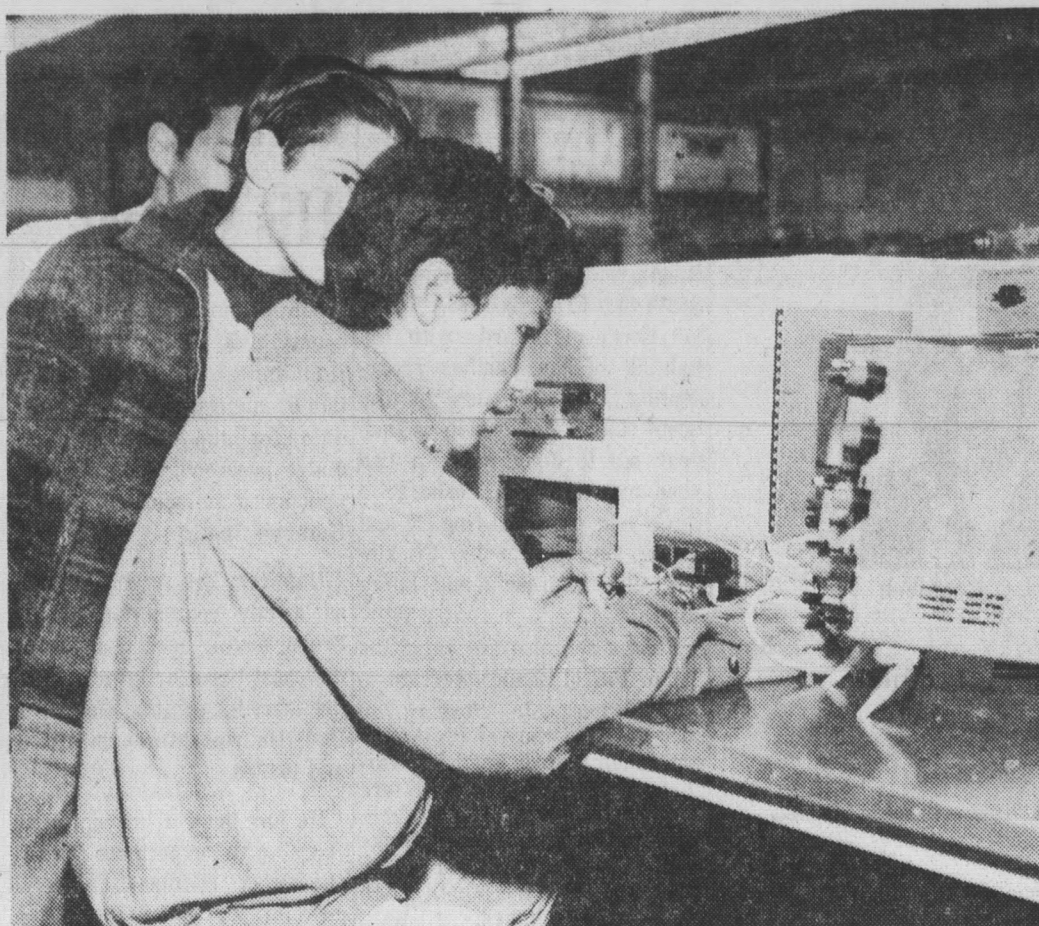

A course in "Mass Media of Communications" is currently being offered at the South San Francisco Adult School. The class will study and evaluate methods of communications as they relate to modern society.

Classic films to be shown include the works of Chaplin, D. W. Griffith, and Mack Sennett. Radio will be represented by such old time favorites as "Amos and Andy," the Lone Ranger, and "Lights Out."

A unit on the study of propaganda will be presented with examples of Communist, Fascist, and American sources. The course will meet on Monday nights from 7 to 10 p.m. at South San Francisco High School. The class may be taken for enrichment or for English credit toward a high school diploma. Four further information on this or the many other class offerings call the Adult School Office.

WESTMOOR electronics instructor Lloyd Harrich (shown at metal bending machine with Steve Tiron, Doug Dirks and John Hart, (top left) devoted some of his summer vacation to installation of a new electronics lab on the Ram campus. His painstaking effort saved at least \$30,000 in manpower and equipment to the Jefferson Union High School District, according to district officials. For instance Harrich assembled 15 stations at a cost of some \$6,000 — and, using a National Defense Education Act grant, obtained the instruments he needed . . . like the oscilloscope being operated, right, by Cliff Harada, Rich Mazza and Salve Morales . . . and the volt-04M

meter demonstrated by Gary Rudolph, John Paradela and Brad Cloonan, below. Harrich spent the three-week period installing the lab in hopes of giving his students a broader, clearer view of what happens in the many fields of electronics. Also in the lab, taking their positions among the mass of knobs, buttons, dials and meters, are a radio frequency generator and high and low voltage power supplies, enabling Harrich to show his Electronics 1-2 classes exactly what goes on and how to use the equipment, while his advance students utilize the lab in building radios.
